(PUT YOUR ABSTRACT HERE) Arma virumque cano, Troiae qui primus ab oris Italiam, fato profugus, Laviniaque venit litora, multum ille et terris iactatus et alto vi superum, saevae memorem Iunonis ob iram; multa quoque et bello passus, dum conderet urbem, inferretque deos Latio, genus unde Latinum, Albanique patres, atque altae moenia Romae.

First Section

Tempus erat quo prima quies mortalibus aegris incipit et dono divum gratissima serpit. In somnis, ecce, ante oculos maestissimus Hector visus adesse mihi largosque effundere fletus, raptatus bigis ut quondam, aterque cruento pulvere, perque pedes traiecit lora tumentis.

A Subsection

Principio caelum ac terras camposque liquentis lucentemque globum Lunae Titaniaque astra spiritus intus alit, totamque infusa per artus mens agitat molem et magno se corpore miscet. Inde hominum pecudumque genus vitaeque volantum et quae marmoreo fert monstra sub aequore pontus. Igneus est ollis vigor et caelestis origo seminibus, quantum non noxia corpora tardant terrenique hebetant artus moribundaque membra. Hinc metuunt cupiuntque, dolent gaudentque, neque auras dispiciunt clausae tenebris et carcere caeco.

Second Section

Eripiunt subito nubes caelumque diemque Teucrorum ex oculis; ponto nox incubat atra. Intonuere poli et crebris micat ignibus aether praesentemque viris intentant omnia mortem. Extemplo Aeneae solvuntur frigore membra: ingemit et duplicis tendens ad sidera palmas talia voce refert: "O terque quaterque beati, quis ante ora patrum Troiae sub moenibus altis contigit oppetere! O Danaum fortissime gentis Tydide! Mene Iliacis occumbere campis non potuisse tuaque animam hanc effundere dextra?"

About the Authors

Paul Isihara has taught mathematics at Wheaton College since 1987 and is Associate Editor of the Math-Serve department of this Journal. He has published many contributions to The UMAP Journal, including several in which he mentored a team of students. In addition to involvement with community organizations in Chicago, he oversees a faith-based organization that is responding to the humanitarian disaster in Tigray, Ethiopia

Matthew Landrum is a sophomore at Valparaiso University studying Statistics, Mathematics, and Economics, and is the creator of this template! If you have any questions, feel free to email him at matthew.landrum@valpo.edu.
